**Re: WC Docket 14-58
2015 ETC Annual Report of Communications 1 Network, Inc., Study Area Code 351262**

Dear Ms. Dortch:

On behalf of Communications 1 Network, Inc. (the “Company”), Kiesling Associates LLP hereby requests withholding from public inspection certain information contained in an attachment to the above referenced reporting requirement, pursuant to Sections 0.457 and 0.459 of the Commission’s rules.¹ The Company provides the following in support of its request, numbered consistent with the subparagraphs of Section 0.459(b).²

1. The information for which the Company is seeking confidential treatment is the attachment at Line 112 of the Company’s annual reporting information in FCC Form 481, pursuant to Sections 54.313 and 54.422 of the Commission’s rules (“Report”).³
2. Pursuant to Section 54.313(a)(1), Rate-of-Return Eligible Telecommunications Carriers (“ETCs”) must file with the Commission a Progress Report on its Five-Year Service Quality Improvement Plan (“Progress Report”) which is contained in the attachment to the 2015 Report.⁴
3. The information contained in attachment for which the Company seeks the withholding from public inspection is the entirety of data pertaining to the Company’s Five-Year Plan, as provided at FCC Form 481 Line 112 attachment. Information of this nature is confidential commercial information routinely withheld from public inspection.
4. With respect to identifying the degree to which the subject attachment concerns a service that is subject to competition, the information is of a financial and competitive nature regarding the provision of telecommunications services. The Line 112 attachment contains competitively sensitive information related to proposed improvements or upgrades and maintenance the Company’s network.

¹ 47 C.F.R. §§ 0.457, 0.459.

² 47 C.F.R. § 0.459(b)(1) through (9).

³ 47 C.F.R. §§ 54.313, 54.422.

⁴ 47 C.F.R. §§ 54.313(a)(1).

REDACTED – FOR PUBLIC INSPECTION

In its *March 5, 2013 Order*, the FCC specified that for rate-of-return carriers, the five-year plans “should describe the carrier’s network improvement plan, which should provide greater visibility into current plans to extend broadband service to unserved locations in rate-of-return service territories.”⁵ The Company is a rate-of-return carrier filing its five-year service improvement plan which contains proprietary, competitively sensitive information related to the Company’s existing network including the specific locations of customers as well as describe proposed improvements or upgrades and maintenance of its network throughout its service area. Specifically, this information sets forth services provided by the Company over its existing network including specific locations of customers as well as planned network improvement and maintenance for the years 2015 through 2019 including project start and completion dates, population that will be impacted by the improvements and upgrades at the wire center level and projected capital costs associated with the improvements and upgrades and operating costs associated with maintaining the network including depreciation for investments that have already been made. As such, this information contains competitively sensitive information related to the Company’s existing network as well as detailed plans at the wire center level for network upgrades and maintenance projected for the years 2015 through 2019.

5. With respect to identifying possible exposure to competitive harm, the information contained in the Line 112 attachment is information that is not customarily released to the public. This information is proprietary to the Company, is unique to the Company’s serving territory and is only known to the Company and its authorized agents. If the Information is not protected, it would have economic value to existing and potential competitors who would be able to target their marketing to specific customers. In a competitive telecommunications marketplace, this type of information is highly sensitive. If publicly disclosed, it would enable competitors to craft business plans that capitalize on their knowledge of the locations of the Company’s customers which would place the Company at a competitive disadvantage.
6. With respect to steps the Company has taken to ensure against unauthorized disclosure of the information contained in the attachment, the Company is filing the attachment under seal. The Company uses the information contained in the Five-Year Plan to ensure that its customers continue to receive state-of-the-art high quality telecommunications and broadband services that the Company has been providing to them for many years as well as to satisfy mandatory reporting requirements and does not share the information for which protection is sought. The Company protects the secrecy of this information with a security protocol that ensures the information is not inadvertently disclosed or disseminated. Only directors, managers and employees with a direct need to know are authorized to access the information.
7. Previous versions of this information are not publicly available.
8. Because the information is not routinely available, a need exists for maintaining the confidentiality of this information permanently.
9. Not applicable.

⁵ See *Connect America Fund et al.*, WC Docket 10-90 *et al.*, Order, DA 13-332 (rel. Mar. 5, 2013) (“*March 5, 2013 Order*”) at para. 9 citing Section 54.202(a) (1) (ii).

REDACTED – FOR PUBLIC INSPECTION

Based on the preceding, Kiesling respectfully requests on behalf of the Company that the Commission grant confidential treatment under Section 0.459 to Company's Five-Year Plan provided at FCC Form 481 Line 112 attachment.

Please contact the undersigned at 515-223-0159 or cclauson@kiesling.com with questions regarding this request.

Sincerely,

KIESLING ASSOCIATES LLP

FCC Form 481, Line 1210: Terms and Condition for Lifeline Customers

Lifeline Telephone Assistance Program

Financial assistance through the Lifeline program is available to help eligible Iowans afford and maintain basic telephone service. Lifeline participation enables Iowans to stay connected to jobs, family, community resources, and government and emergency services. Lifeline is a federal government program that assists qualified Iowans by providing a monthly credit of \$9.25 on the local telephone bill.

The Lifeline program has recently been streamlined by the Federal Communications Commission. Lifeline benefits are now limited to one wire line or wireless phone per qualified household. Households currently receiving more than one Lifeline service must select a single Lifeline service provider and de-enroll from the program with any other provider(s).

Households eligible for or already receiving Medicaid, the Supplemental Nutrition Assistance Program, Supplemental Security Income Program, Federal Public Housing Assistance Program, Low-Income Home Energy Assistance Program, Temporary Assistance to Needy Families Program, or the National School Lunch Program may qualify. Consumers may also qualify based on their level of income. For more information, please see the Board's 2014 Lifeline Week news release.

A Lifeline application form is available from your local telephone service provider, the Iowa Utilities Board, or most Community Action Agencies in the state. To apply, simply complete the application form and then return it to your chosen participating provider. Additionally, residents of Tribal lands who are eligible for Lifeline, should check with their local telecommunications provider to inquire about additional benefits, including potential Link-Up telephone-installation benefits.

Re-certification forms are sent to all Lifeline subscribers each year. In order to continue receiving Lifeline assistance, these forms must be completed and returned to the subscriber's local telecommunications provider within 30 days. If the re-certification form is not returned, the telecommunications provider will discontinue the subscriber's Lifeline assistance.

Information about the number of customers receiving Lifeline assistance is reported by each Iowa telephone company. For more information, call the Iowa Utilities Board toll free at 1.877.565.4450, or visit www.fcc.gov/lifeline or www.usac.org.

Number of local minutes provided: Unlimited local calling

Equal access toll calls are available and are billed at carriers' standard rates for Lifeline subscribers.
